iMagDent Fort Worth is proud to present:

Technology Trends in Dentistry

*A hands-on workshop conducted by industry experts from
iMagDent, DEKA, iTero and Perfect Impressions*

As the public's awareness of technological trends in dentistry increases, the importance of educating yourself becomes critical.

Join us for a technology forum at iMagDent Fort Worth to learn about new technology that is changing dentistry forever.

- 3D Imaging Technology for Orthodontic and Implant Treatments
- Minimally invasive techniques involving lasers in Oral Surgery, Restorative, Implant, Cosmetic and Periodontal Treatments
- Digital Impressions
- Advances in Laboratory Procedures

Presented in conjunction with these co-sponsors
